Sophisticated Retractable Roof

Natural light cascading in from skylights creates a welcoming ambience in any home. However, its constant presence can cause problems when heat, glare and UV rays are admitted, or when you require the room to be darkened. The Issey Maxisun is a sophisticated, retractable roof for conservatories, courtyards or custom-built structures.

The tensioned system ensures taut fabric and resistance to high winds while giving smooth operation. Issey has created flexible variations of the Issey Maxisun to suit a wide range of sunroom structures.

issey maxisun

Effectively, the Maxisun reflects solar heat from entering into sunrooms and conservatories and is retractable to take advantage of winter warmth and natural light. Ideal locations and uses include:

- Sunrooms
- Large Skylights
- Pergolas
- Courtyards
- Alfresco Areas
- Semi-Open Spaces

Fabric

A wide choice of fabric is available to suit your unique situation.

- Screen 86% / 90% / 92% / 93% - When you have a beautiful view, selecting screen fabric will ensure the majority of heat, glare & UV are prevented while the view is maintained.
- Acrylic 99.5% - A higher block-out factor may be required when maximum heat control or privacy is essential.

Maxisun Tracks

Extruded aluminium track 60 (w) x 65 (h)

Operation

The ability to retract the blinds gives you the power to control when and how much shade is required:

- **Motorised** - Somfy tubular motors that can be hardwired to a switch or operated via remote control
- **Automatic Sensors** - For enhancement of lifestyle, choose an automatic sun & wind sensor that automatically extends or retracts the systems according to the day's conditions
- **BMS** - Easily integrates with Building Management Systems for convenient and versatile control

Framework

Aluminium frames
Galvanised fabric tube

Fasteners

Stainless steel Bolts, Nuts and Screws

Frame Finish

Powdercoating (All Standard Dulux and Interpon colours)
Anodising (All Standard Colours) Extrusions only

Installation Methods

Each situation is unique and requires different methods of installation. Issey's own installers will create the most suitable method for your application.

Headbox Sizes & Size Limits

Protective slimline, powdercoated headbox that blends with any application

Maxisun Variation - Multiflex

Used for pitched framework for areas with deflections.

Please contact issey to discuss your needs further or to arrange a measure and quote.
