issey blackout

Internal Retractable Blackout Blind

There are times when we wish we could turn off the light from the sun and allow darkness to fill the room. Situations such as trying to watch the latest movie while glare reflects off the screen; needing to sleep during the day; or needing to give a visual presentation in a light-filled room call for a dark room on demand.

The Issey Blackout is an internal, retractable blind which provides a 100% blackout effect. Used on windows or doors it protects from light, UV and infrared rays whilst providing complete darkness for home theatres, boardrooms, bedrooms or surgeries. Equipped with discreet brushes in its track systems, it ensures that your room is completely devoid of external light. When retracted, the room returns to daylight and the system is inconspicuously stored in its slimline headbox. The Issey Blackout provides night-time conditions on demand and can optimise a single room for multiple uses.

issey blackout

Total blackout is given to internal spaces when fitted with the Issey Blackout Blind. Ideal locations and uses include:

- Windows
- Doors
- Bedrooms
- Presentation Rooms
- Home Theatres
- Surgeries

Fabric

A wide choice of fabric is available to suit your unique situation.

- 100% Blackout - The Blackout fabrics have a 3-layer sandwich that is UV resistant, fire retardant, anti-static and 100% light blocking.

Blackout Tracks

Extruded aluminium tracks 46 (w) x 28 (d) or 61 (w) x 28 (d) including brushes impervious to light.

Operation

The ability to retract the blinds gives you the power to control when and how much shade is required:

- **Motorised** - Somfy tubular motors that can be hardwired to a switch or operated via remote control
- **Manual Crank** - Available up to 3200mm wide. Removable external crank with handle attached to eye outlet
- **BMS** - Easily integrates with Building Management Systems for convenient and versatile control

Framework

Aluminium frames
Galvanised fabric tube

Fasteners

Stainless steel Bolts, Nuts and Screws

Frame Finish

Powdercoating (All Standard Dulux and Interpon colours)
Anodising (All Standard Colours) Extrusions only

Installation Methods

Each situation is unique and requires different methods of installation. Issey's own installers will create the most suitable method for your application.

- Recess Fit
- Face Fit
- Side Fit

Headbox Sizes & Size Limits

Slimline, powdercoated headbox that blends with any application.
