Fabric

The TrapeeZip has the fabric secured in the track guided by a PVC inlay that is located inside the track. A series of stainless steel springs ensure perfect tension along both sides of the fabric. The screen and solid fabrics are trendsetting and available in long-lasting colours that take your breath away.

Operation

The ability to retract the blind gives you the power to control when and how much shade is required.

- Motorised – Somfy tubular motors that can be hardwired to a switch or operated via a range of remote control.
- Automatic Sensors – For enhancement of lifestyle, choose an automatic sun & wind or rain sensor that automatically extends or extracts the systems according to the day's weather conditions
